

Brand refresh project 2025

Brand Heart

Our purpose

WAMA exists
to champion the
WA marketing
community.

Our vision

A WA marketing industry
that consistently
produces effective work
and pushes boundaries.

Our brand pillars

Unite

We bring marketers together to explore what's facing our industry – be it challenge or opportunity, trend or lesser-known topic.

Collaborate

Collaboration leads to ideas that are better, bigger, brighter and bolder – this underpins everything we do.

Inspire

We encourage braver and more effective marketing practices.

Advocate

We advocate for the WA marketing community and shout from the roof tops about stand out work and practitioners.

Our target audience - primary

Mid to senior marketers

We're for the marketers in WA who've been around for a bit and counting. They wear many hats and carry a raft of different titles, but they're aligned on what they want: to deliver outstanding results, build remarkable brands, develop exceptional teams and champion the value of marketing within their organisation.

Our target audience - others

The wider marketing community

This includes agency players and freelancers in media, strategy and creative, who we create space for to connect with like-minded marketers and foster discussion around innovation and marketing best practice.

Our sponsors

Our sponsors play a big role in helping our strategy become reality. In turn, we provide them with exposure to the WA marketing community.

Tone of voice principles

Knowledgeable

We are experts in our industry and we know what we're talking about.

Self-assured

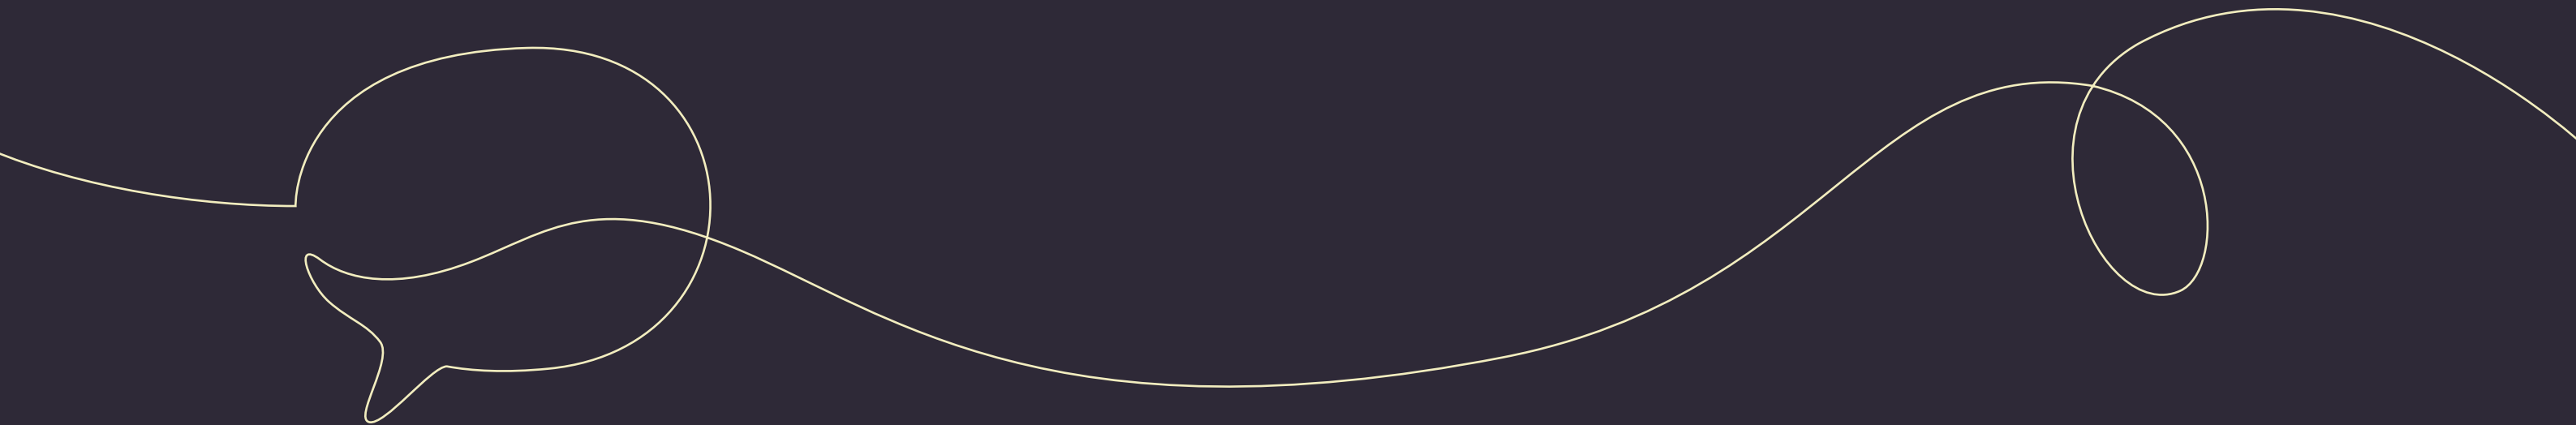

We speak with purpose and have the courage of our convictions.

Empathetic

We understand what our industry is up against – we've experienced it ourselves and we approach with care.

Playful

We are witty and sharp when we talk. If there's a creative way to say something, we'll use it.

Values

We are good sports

We demonstrate humility, respect and inclusivity.

We are passionate

About what we do and the industry we do it for.

We work hard

Whether we collaborate or divide and conquer – we get the job done with minimal resources.

We are open minded

And encourage new ideas.

We love what we do

And doing it together.
